

# Wilsonville Community Garden Rules and Guidelines 2018

*Please read and initial, acknowledging your agreement to the following rules and guidelines.*

\_\_\_\_\_ The garden will be tilled and opened when soil conditions allow (you will receive an email notification).

- Only 2 plots per person are allowed in an effort to provide as many gardeners access to plots. After April 30, 2018, if plots still remain, gardeners may sign up for additional plots.

\_\_\_\_\_ Your plot must be fully utilized. If your plot remains unattended/unused by June 3, 2018, it will be reassigned. Your plot fee will not be refunded.

\_\_\_\_\_ Use common courtesy.

- Do not expand your designated area beyond the limits staked out. Allow adequate space for vining and spreading crops. Plan ahead so that you do not shade other plots with tall crops. Structures and plants (including sunflowers) over 5-feet-tall are not allowed.
- Wind hoses up and return to the faucet site when finished. All water must be applied by hand. Sprinklers are not allowed.
- Closely supervise your children when they are helping at your plot.

\_\_\_\_\_ It is your responsibility to maintain your plot, as well as the surrounding path.

\_\_\_\_\_ The community garden is for organic gardening only.

- Products not allowed include, but are not limited to: non-organic pesticides and herbicides, synthetic fertilizers, and any other chemicals.

\_\_\_\_\_ Dogs are not allowed inside the fenced area of the garden.

\_\_\_\_\_ All Wilsonville parks are smoke and tobacco-free.

\_\_\_\_\_ Tires are not allowed at this site.

\_\_\_\_\_ The garden will close for the winter on November 18, 2018.

- Please remove any non-tillable items (tomato cages, wooden stakes, plastic large rocks, structures, etc.) from the garden by this date. If your plot still contains non-tillable items after the closure of the garden, you will not be permitted to register for a plot next year.

Thank you,

Wilsonville Parks and Recreation
