

Recreation Updates:

- **Community Center Updates:** September fires and subsequent City closures did not slow down the ongoing programming at the Community Center. The nutrition staff continued to provide 90+ home delivered meals per day ensuring our most vulnerable community members were able to receive a nutritious meal even throughout the chaos. Overall, the nutrition program remained steady serving 2,051 meals for the month which is consistent with other recent months. Since our watercolor painting class had already moved online as a result of Covid—19, we were still able to offer the class even when many other activities in the area were cancelled. Class participants were appreciative of the 3 hour respite where they were able to clear their minds and focus on their paintings.
- **Harvest Festival 2020 Planning and Implementation:** The Recreation team was busy planning and preparing for a modified 2020 Harvest Festival event this month, which will take place October 14 through 29. The festival website, WilsonvilleParksandRec.com/HarvestFestival is now home to the event calendar, event descriptions, prize pictures and more! This modified, 15 day festival will be a mix of drive-through events, virtual contests, and scavenger hunts. Recreation Coordinator, Erica, is thrilled to be offering a community event during this time. It has taken a lot of creative planning and team work to pull it off, and we hope it will bring a smile to Wilsonville families.
- **Fall Camps:** Several fall sports camps were offered in September including two soccer shots camps at Memorial Park, and various Skyhawk's Sports camps at Palermo Park in Villebois. All camps ran in accordance with Oregon Health Authority (OHA) and state guidelines.
- **Playgrounds:** Playgrounds re-opened this month! In accordance with OHA guidelines, playgrounds were allowed to re-open in September. Our parks crew worked diligently to make sure all playgrounds received a safety inspection before opening. We are thrilled to once again provide these amenities to our community.
- **Closures:** The Parks and Rec Admin building was closed due to poor air quality September 10—18.
